

Lithium Battery Forklift

ORIZEN GROUP

About Orizen Group

A trusted supplier of electric material handling equipment and accessories like industrial batteries, lionbrix system for forklift, forklift battery charger, solid tyres & forklift spares.

From the last 19 years we are dedicatedly serving industrial batteries & high frequency charger in the brand hood of Orizen Group & associated a ton of satisfied customers.

We are offering flexible rental (Hour rental) options to satisfy the users need and also revert back the unused hours, which our competitors do not.

Recently we launched android based app for our valued customer to access quick and hassle-free repair & maintenance booking services.
